

SANZMAG

Southampton-Australia-New Zealand Workshop on Molecular Magnetism

1st SOUTHAMPTON-AUSTRALIA-NEW ZEALAND WORKSHOP ON MOLECULAR MAGNETISM

17th - 20th February 2014, University of Sydney

SANZMAG-1 aims to draw together researchers in molecular magnetism from Australia and New Zealand, building cooperation and collaborative networks in the region while providing a common knowledge base for attendees from Honours to postdoctorate level.

The workshop includes tutorials on the basics of molecular magnetism, measurement techniques, data analysis, sample preparation plus poster sessions and research talks from students and the leading magnetochemists in the region.

Organising Committee

University of Southampton

Dr Tony D. Keene

Dr Jonathan Kitchen

The University of Sydney

Dr Deanna D'Alessandro

Dr Suzanne Neville
